## Artistic Director's Note:

A very warm welcome to today's performances. We are thrilled you are here today to celebrate a year's worth of hard work, determination, and perseverance of the dancers you are about to witness. This year's performance is entitled "Here We Go." This song is about taking a leap of faith towards the dreams you want to achieve. Get out of your comfort zone. It may not be an easy road, but don't look back! Here we go!

I want to begin by thanking our dancers for their spirit and passion for dance. I am truly honored to have them a part of the Kaleidoscope Dance family. All of the dancers should be very proud of their accomplishments. My team and I continue to be privileged and honored to be a part of their lives.

To our Kaleidoscope parents, thank you for a fantastic year of dance. As you sit in the theater today, take a moment to sit back and enjoy how much your children have grown, not only as dancers, but as confident people who believe in themselves. Thank you for being a part of the Kaleidoscope Dance family and for the support you have shown to our entire team and community.

A huge shout out to the Kaleidoscope team: Thank you for all your energy, effort, and positivity. You have made such a difference in these dancers lives and we are all forever grateful.

I'd like to congratulate our graduating seniors; Chana Cantz, Alexis Chiet, Jade Lajeune, Elly Medina, Lucy Planinic, Abigale Schejbal, Kai Strickland, and Norah Vaughan. For a little over 16 years, these dancers have been a part of the Kaleidoscope Dance family. It has been an honor to be a part of their lives.

I wish them an incredible journey as they start their next chapter. May success always be with them, and remember you are always welcome home!

There are no words to describe how grateful I am for the love, support, and kind words I have felt this year from our Kaleidoscope families. When we say thank you for being a part of the Kaleidoscope Dance family, we mean it. You are all family to us.

Enjoy the performance, and here we go!
